

COMPLIANCE TRANSPARENCY TRUST

Sypro provides an easy to implement, simple to use and cost effective solution to the management of the NEC3 suite of contracts.

As a Software as a Service (SaaS) solution, Sypro can be operated on projects of all sizes and across separate geographic locations. Sypro is currently being used on schemes with values ranging from £15k Minor Work programmes to the construction of the £842m New Southern General Hospitals & Laboratory scheme in Glasgow.

"The introduction of Sypro has provided the entire project team with the immediate ability to respond to risks which may impact on the delivery of our scheme. This quick response time is essential on a project of this scale"

Peter Moir

Deputy Project Director, NHS Greater Glasgow and Clyde

EFFECTIVE, TRANSPARENT ONLINE NEC

PROJECT MANAGEMENT

SYPRO GIVES YOU:

Total compliance to the full suite of NEC3 contracts.

Project dashboard with immediate and live status reports on the project. Also incorporated into this are user specific actions for the Project Manager, Supervisor or Contractor.

Live and instantaneous reporting on project impacts such as Time, Cost and Quality.

Full visibility of the project risks via the Early Warning Risk Register.

Transparency of contract alerts providing a robust audit trail of user specific actions and their status.

Automated notification alerts by email and text.

01 OPERATE BEST PRACTICE AND FOLLOW NEC GUIDELINES

02 MANAGE AND MITIGATE RISK WITH MORE EFFICIENCY

03 ACCURATELY FORECAST PROJECTED FINAL ACCOUNTS & COMPLETION DATE

"The introduction of Sypro has made administration of the NEC contract much more efficient and allows me to respond to all events quickly and easily. In addition, Sypro provides a very robust and transparent audit trail and enables me to monitor live events and issues whilst monitoring and managing the project's cost and risks."

Stephen Dale
*Capital Programme Manager,
NHS East Riding of Yorkshire*
